

Asilia

GENUINE SAFARIS | GENUINE DIFFERENCE

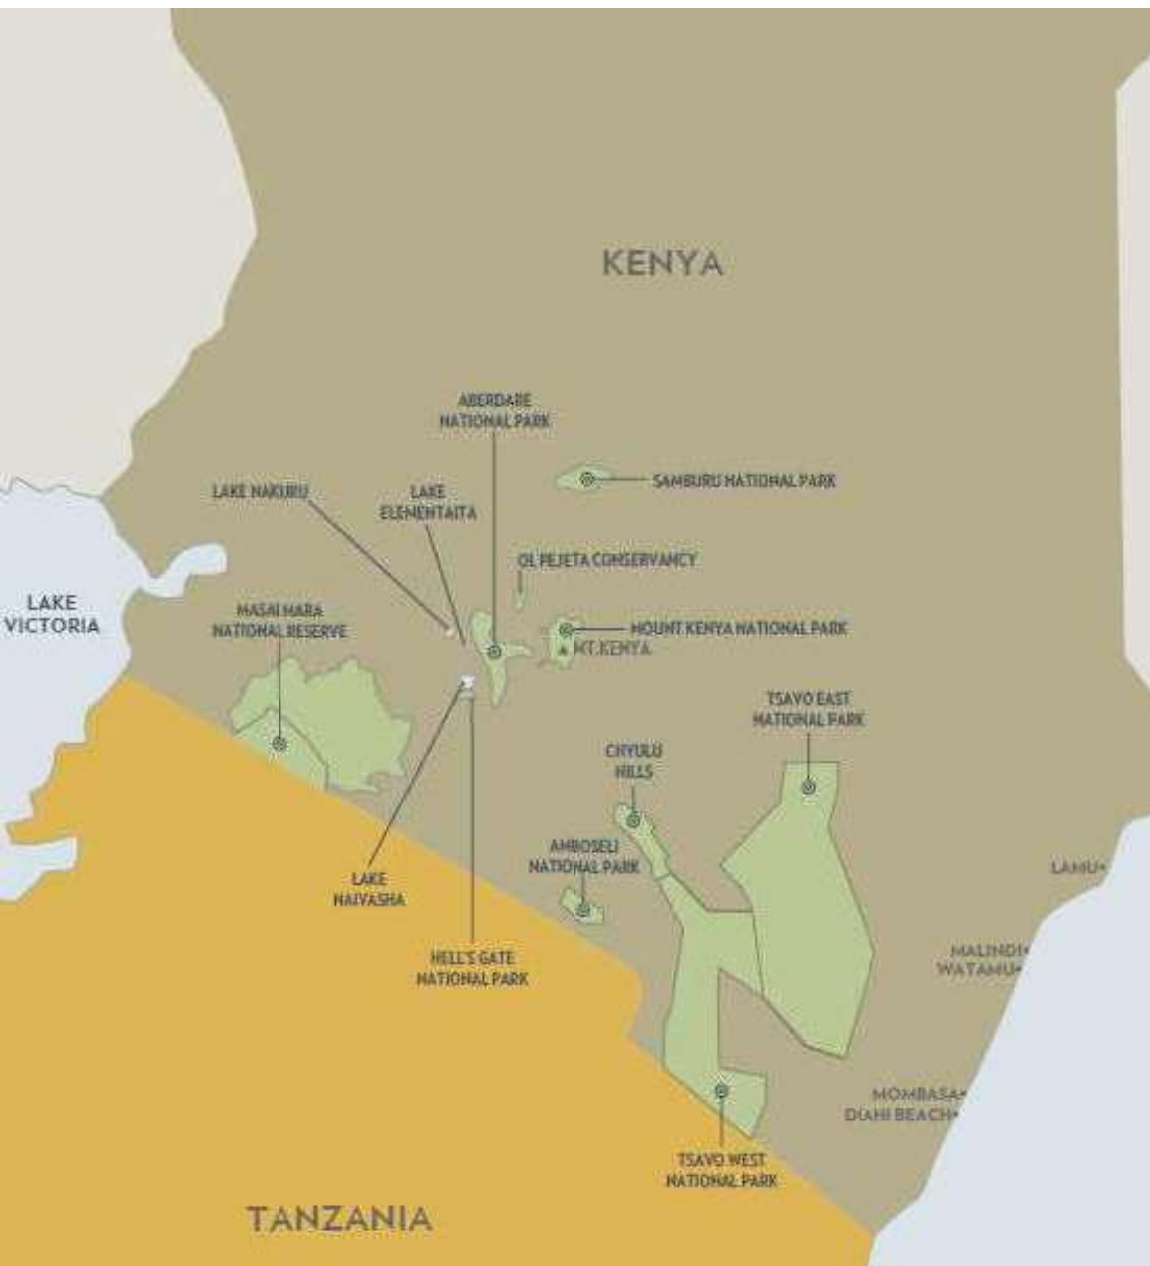

A large elephant with prominent tusks is running towards the camera through a lush green field. The elephant's front legs are lifted, and it is splashing water or mud. In the background, a gazelle is visible on the left side of the horizon. The sky is filled with dramatic, golden clouds from a setting or rising sun, with rays of light breaking through. The overall scene is a vibrant depiction of African wildlife in its natural habitat.

# TRANS-MARA DAY TRIPS

As of November 2022, we **no longer offer trans-Mara day trips and excursions from our camps.**

Due to **increased human pressure on habitats and wildlife**, we no longer feel it is appropriate to promote activities and day excursions that require guests staying inside the conservancies to leave them for the Mara Reserve, or vice versa.

The experiences enjoyed at Rekero in the main reserve and Naboisho and Encounter Camp in the Mara Naboisho Conservancy are distinct and unique, with the **benefit of a two-centre safari far outweighing the experience achievable through a day trip excursion** to either location.

Guests may still book a trans-Mara excursion by pre-booking an exclusive use private vehicle, but they are advised of the negative impact to the region and the increasingly compromised experience. **Balloon safaris will continue to be offered and any pre-booked excursions will be honoured**

COMFORT

# OL PEJETA BUSH CAMP

OL PEJETA CONSERVANCY

## WHY CHOOSE OL PEJETA?

- Traditional East African tented camp, on the banks of the Ewaso Nyiro River
- Superb focus on pioneering conservation initiatives. The last two northern white rhino in the world are found in Ol Pejeta Conservancy
- Big 5 sightings, alongside some of the rarer northern species such as Grevy's zebra and Beisa Oryx
- Emphasis on fantastic guiding and personal service
- Experience game drives in Asilia's first electric vehicle
